

Kids had a blast at Dickson Taekwondo's fun-filled summer camps in June! They not only had the opportunity to learn the art of Taekwondo with Mr. Tony Lewis, but they were also able to experience new and exciting activities on a daily basis. The children went on many educational field trips such as: Dr. McClure's Chiropractor Office, Dickson Herald Newspaper, Nashville's Adventure Science Center, and the WDKN Radio Station, where the children were able to talk and sing on the radio, and in return, parents will receive a CD of their child's memorable experience. The children also had fun swimming, bowling, and playing on an inflatable obstacle course.

Dickson Taekwondo looks forward to holding another summer camp July 21-25!
